# Topics

Overview

Strengths / Weaknesses

Documentation

Getting Started

Common Operations

A functional programming toolkit for  
JavaScript

*<https://github.com/nullobject/fkit>*

# FKit

## Strengths

Extremely lightweight

Composability

String manipulation

## Weaknesses

Outdated?

Documentation

# Getting Started

`yarn add fkit` (or `npm i fkit`)

```
const F = require('fkit');
```

F.

- applyMethod
- applyMethod2
- applyMethod3
- applyRight
- array
- between
- binary

# Common Operations

**Functions**

**Lists**

**Logic**

**Math**

**Objects**

**String**
